### BEARING BUDDY WITH BRA

Towing causes trailer wheel hubs to heat up; submersion during launching quickly cools them, forming a vacuum which sucks in water and can cause damage. The Bearing Buddy provides permanent wheel bearing protection and lubrication for all types of trailers. Water and dirt are kept out of the hub. Lubricant level can be quickly and easily checked by pressing on piston. Quality construction features stainless steel internal parts, and a triple chrome-plated barrel. Won't crack or pop out. You can totally submerge wheels and float a boat on or off the trailer. (Pair).

### FASTENERS

#### WHEEL NUTS

**54948** Wheel Nuts, Zinc-Plated, CD/5 Dia: 1/2", Pitch: 20, 13/16 60° cone #81172 12

#### WHEEL/LUG BOLTS

Used on drilled and tapped hubs.

**54952** Zinc-Plated, CD/5, Dia: 1/2", Pitch: 20, Length: .88", Head: 13/16 #81170 12

#### SHACKLE BOLTS

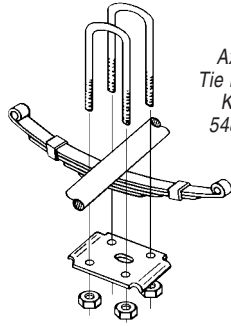

For use with spring hanger brackets. Fluting prevents the bolt from turning, which can wear hanger brackets. Grade 5 steel. With nuts. Pack of two.

**54954** Dia: 9/16", Pitch: 18, Length: 3.00, CD/2 #86250 12

**SPRING SUSPENSIONS AXLE TIE PLATE KITS**

Axle Tie Plate Kit: 54888

Order #	Mfr. #	Capacity & Plate Holes	Application, Axle	U-Bolt Size	Spring Width	Finish	Price
54888	#81180	Hvy.-Duty 3,500-15,000 lb. 5-Hole, Pair	2 <sup>3</sup> / <sub>8</sub> " Round	1/2-20 2 <sup>3</sup> / <sub>8</sub> x 5 3/8	13/4	Oiled	

**DEXTER AXLE TRAILER PARTS**

Shock body: 7-1/2"

Overall length: 13"

**HD SUSPENSION KIT**

For 1-3/4" wide, double eye springs, tandem axles. Included in the kit:

- Shackle Link x 4 (018-024-01) - Shackle Link Assy x 4 (018-025-00) - Step Bolt Wet x 6 (007-187-00) - Locknut x 6 (006-092-00) - Locknut x 8 (006-007-00) - Bronze Bushing x 8 (014-077-00) - Equalizer x 2 (013-104-03) - Instruction Sheet x 1 (059-218-00).

**38122** HD Suspension Kit F/Tandem #K71-359-00 <sup>1</sup>

**TRAILER SHOCK KIT (PR)**

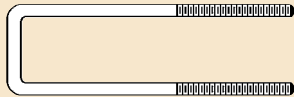

Fits 2-3/4" and 3" tube for 1.75 wide springs. Underslung only, for one axle. In an attractive box. Included in the kit 38123:

- Shock Absorber x 2 (Mfr #052-003-00) - Upper Bracket x 2 (Mfr #033-029-00) - Tie Plate x 2 (Mfr #012-055-00) - 7/16" Washer x 4 (Mfr #005-115-00) - 1/2" Washer x 4 (Mfr #005-116-00) Shock Attaching Parts (Bag) x 1 (Mfr #BP-160) - Instruction Sheet x 1 (Mfr #059-258-00).

**38123** Shock Kit F/One Axle #K71-175-01 <sup>6</sup>

**U-BOLTS**

Used for mounting brackets to trailer frame. Zinc or hot dip galvanized as stated to help prevent rusting. Includes flat washers and nuts for galvanized or nyloc nuts for zinc.

**TIE DOWN ENGINEERING PLASTIC FENDER AND BRACKET**

**Plastic Fenders:** Upgrade your trailer with these high-impact polyethylene fenders. UV protected. Designed for normal and low profile tires. Small fenders fit 8" to 12" wheels. Large fender fits 13", 14" & 15" wheels, on single or multiple axle setups. Small Fender= 7-3/4" W x 21" L x 5" H. Large Fender= 11-3/8" W x 45" L x 11" H, 32-3/4" Inside Length. **Galvanized Fender Bracket:** The plastic fender brackets mount flush, two required for each fender. Brackets are skin packed two brackets per card.

White Plastic Fender:

- 73094** Small #17026 <sup>1</sup>
- 73093** Large #44332 <sup>1</sup>

Brackets for Plastic Fenders:

- 73095** Flush Bracket for Small Plastic Fender, Galvanized, Pair #81231 <sup>1</sup>
- 73096** Step Bracket for Large Plastic Fender, Galvanized, Each #44141 <sup>1</sup>

**TIE DOWN ENGINEERING PRODUCTS**

**RAILER SPRING BUSHINGS**

Accommodates either slipper or double-eye springs. Made of steel. Length is 1 3/4".

**56880** 10/Bag, 2" L x 9/32" I.D. x 3/4" O.D #81190 <sup>1</sup>

**SHACKLE LINK**

Made of 1/4" steel with radius ends. For 2" frame width; 1/2" bolt size. Plated finish. 4-1/16" L x 1-1/4" W. Holes are 9/16" Dia., 2-9/16" on centers.

**56892** Shackle Link, CD/1 #86276 <sup>12</sup>

In Section O: Husky Brake Parts Brake, Axle Parts & Hubs Undercarriage Protectors Wheels Steering Stabilizers Springs & Shocks Lube, Oil & Fuel Acc.

**STOP TAIL DRAGGING ON DRIVEWAYS!**  
**• PREVENT DIGGING IN WHILE BACKING UP AND HELP PROTECT HOLDING TANKS AND UNDERCARRIAGE FROM DAMAGE!**

Skid wheels are mounted on the rear of the RV and are positioned so they make contact first. They are designed to be very strong and can withstand both impact and weight.

### PAKTRON LARGE SWIVEL TRAVEL TRAILER SKID WHEELS

Swivel ball bearing casters with 6" x 2" polyolefin wheels. Comes with hardware and steel mounting plates that can be bolted or welded to the RV's frame. **Recommended for small travel trailers and other light RVs ONLY.**

**30512** 6" Skid Wheels, Pair #30512 4

**76841** 6" Replacement Black Plastic Wheels, Pair #76841 1

### PAKTRON DUAL SKID WHEELS

Bolts onto the RV's skid bars. Fits all skid bars up to 2" wide. (Skid bars not included.) Wheels are 3" x 1 3/8" polyolefin. With hardware for bolt-on installation. **Recommended for use on small to medium size trailers. Not recommended for motorhomes.** Made in USA. Sold in pair.

**30509** Bolt-On Dual Wheels #30509 6

### PAKTRON HITCH BAR MOUNT ROLLERS

Solid steel skid rollers. Designed to fit 2 1/2" hitch bars ONLY. Installs in minutes using one 3/4" wrench. Equipped with 3" x 2" extra heavy-duty solid billet steel wheels with roller bearings. Includes all required mounting hardware. Recommended for use on the largest and heaviest RVs. Made in USA.

**38514** Hitchbar Rollers #10-4217 4 \$154.95

### PAKTRON SWIVEL CLASS C MOTORHOME SKID WHEELS

Large swivel ball bearing casters with heavy-duty, steel-sleeved, 6" x 2" polyolefin wheels. Comes with hardware and heavy steel mounting plates that can be bolted or welded to the RV's frame. **Recommended for use on Class C motorhomes and large fifth wheel trailers.**

**32052** Skid Wheels, Pair #32052 2

### ULTRA-FAB PRODUCTS SKID WHEELS

• Drop forged caster is superior in strength to other casters. • Extra strong metal wheels with roller bearings and 1/4-inch urethane on outer edge. • Prevents tail dragging and digging while backing up. • Helps protect undercarriage from damage. • Easy bolt-on installation. • Two per box.

Skid Wheels, Bx/2:

**87566** TT 4", Low profile RV's up to 30 ft. #48-979011 1

**87567** Class C 5", RV's up to 34 ft. #48-979012 1

**87568** Class A 6", RV's 34 ft. and over #48-979013 1

### ULTRA SWIVEL SKID WHEELS

• Hitch mount up to 30 ft.  
 • Two per box.

**31798** Swivel Skid Wheels 4", Bx/2 #48-979014 1

### WHEEL MASTERS TIRE PRESSURE GAUGES

Proper air pressure is an integral part of a safe road adventure and better gas mileage. Correct pressure helps ensure longer tire life and is especially important for radial tires. These professional-quality easy-to-read gauges are accurate and sturdy.

The **30099** gauge is designed for heavy-duty use required at the service level. Ideal for dual wheels and other difficult-to-reach valves on pickups, RVs, heavy trucks and off-road equipment. Calibrated to 150 psi. Includes handy hang-up hook. The dual foot high-pressure tire gauge **34841** reads tire pressure to 120 psi.

**30099** Dual Foot Service Tire Gauge #8216-4 10

**34841** Dual Foot Gauge #8216-6 10

### ULTRA-FAB PRODUCTS HITCH PROTECTOR

• Pre-assembled. • Extra heavy duty steel construction. • Installs in seconds. • For use on all motorhomes, travel trailers and 5th wheels. • Helps prevent costly damage. • 1-yr. warranty.

**31799** Hitch Mount Solid Steel Rollers, 2.5" 2 per box #48-979017 1

**31800** Receiver Mount Protector #48-979020 1

### ULTRA-FAB PRODUCTS WELD ON ROLLERS

• Extra-tough all-steel construction. • For use on all motorhomes, travel trailers and 5th wheels.

Weld-on Rollers:

**31801** Weld on solid steel mini roller (2.5" x 2.5") #48-979022 1

**31802** Weld on Jumbo Roller (2.5" x 3") #48-979023 1

### POCKET TIRE PRESSURE GAUGE FOR TRUCKS

Ideal for all higher pressure applications on lightweight trucks (1/2 to 2 1/2 tons), step vans, pickups and air shocks. Calibrated 2 sides 20-120 psi in 2 lb. units and 2 sides 160-880 kPa in 20 kPa units.

**31894** Tire Gauge #17519 10

## Standard Highway Trailer and Golf Cart Tires with Black Sidewalls

Feature a stylized look with a lower sidewall that renders a higher degree of sidehill stability. DOT rated. 8" to 15" wheel diameter.

Wheel not included

8"-12" Sizes

13"-15" Sizes

### nVISION™ TIRE PRESSURE MONITORING SYSTEM

#### Easiest to Install and Use

- Do it yourself...No professional installation required
- Quick-Set Installation Cord™ makes monitor portable to take with you to each tire

#### Monitors Proper Tire Inflation and Temperature

- 2 Stage Low Pressure Alert • High Pressure Alert • High Temperature Alert

#### Multi-Vehicle Memory

- 4 Programmable Memory Settings for different vehicles/trailers
- Monitors up to 24 tires simultaneously in each memory position

#### Fully Customizable

- Works on all sizes of tires up to 200PSI • Monitor Easily Transfers Between Vehicles

**31264** Tire Pressure Monitoring Base System (Kit Includes: 1 x Monitor with non-skid pad, 1 x Power Cord, 1 x Pivoting Antenna, 1 x Quick-Set Installation Cord™, 4 xTire Sensors), 1.33 lb, 7.5" L x 7" W x 2.25" H #30100VA 6

Offer 2 additional sensors that only work with the nVISION TPMS Base System (#30100VA). The sensors easily install in minutes. All you have to do is attach each sensor to your valve stem!

**31265** Additional Sensors, Pkg/2, 0.17 lb, 3.75" L x 3.5" W x 1.563" H #30101VA 6

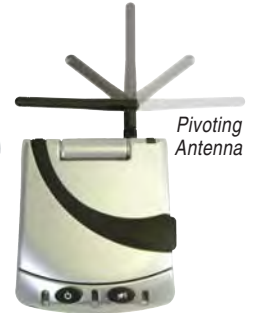

Easily extends transmission distance for sensors and intensifies signal from the sensors to the monitor. The repeater is plug-in simple. Simply plug into a 12-volt outlet and it works! Recommended if you have a vehicle that is greater than 38 feet in length.

Special Order **#31585** Signal Repeater, 0.33lb, 8.75" L x 3.3" W x 1.9" H#30300VA

31264 Kit partially shown

PERFECT FOR RV'ERS AND TOWERS!  
9 out of 10 tire failures are caused by low tire pressure. Protect your tires with nVision™.

Pivoting Antenna

## CAMPER SPECIALTIES WHEEL & TIRE ACCESSORIES

### 45° TIRE VALVE EXTENDERS

- Extends Valves When Wheel Covers Are Used
- Makes Tire Maintenance Easy
- Includes 2 Extenders & 2 Caps

Gives easy access to hard-to-reach front valve stems. Durable, chrome-plated, brass valve extenders are angled to lengthen front wheel valves through the opening in your wheel cover. Adds 2" to standard valves.

**34721** 45° Extenders, Pk/2 #80291 12

- Set/2: 2—11½" Hoses; Set/4: 2—11½" Hoses, 2—7"Hoses
- Increases Life of Tire & Improves Mileage
- Makes Tire Pressure Maintenance Easy
- Do-It-Yourself Installation

### STAINLESS STEEL JACKETED DUAL TIRE INFLATORS

For use with custom wheels and with wheel simulators. Top-quality rubber with braided stainless steel jacket.

Stainless Steel Inflators:

**34718** Set/4 #80011 12

**34719** Set/2 #80021 12

### RUBBER DUAL TIRE INFLATORS

For use with custom wheels and with wheel simulators. Top-quality rubber construction.

Rubber Dual Tire Inflators:

**34716** Set/4 #80031 12

**34717** Set/2 #80061 12

### 2 Styles: Rubber and Stainless Steel DUAL TIRE INFLATORS, For Use With Wheel Covers

- For 14" to 19.5" Rims
- Top-Quality Construction
- Simplifies Tire Pressure Maintenance
- Do-It-Yourself Installation

Now dual wheels can be inflated without removing your wheel covers! Easy to install, they simply screw onto existing valve stems and attach securely to the rim with mounting brackets, retainer nuts and valve caps. Set of 4.

**34720** Rubber Inflators #80081 1

**37010** Stainless Steel Inflators #82081 12

### 2 Styles: Rubber and Stainless Steel ALVE STEM EXTENSION

- Top-Quality Construction
- Simplifies Tire Pressure Maintenance
- Do-It-Yourself Installation

This system does not alter the existing valve stem core. Extension clips to the outer rim for easy inflating of the inner tire. 7" long. Sold in pair.

**30104** Tire Inflators #80071 24

**30105** Stainless Steel Tire Inflators #80091 12

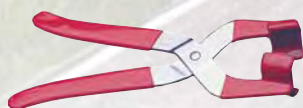

**WHEELINERS™ WITH FREE TIRE INFLATION KIT**

Transform plain wheels into the look of custom wheels with beautiful, precision formed, polished 304L stainless steel Wheeliners®. Fit over your existing steel wheels, and requires little maintenance. Outlasts paint, outshines aluminum, and is less expensive. Includes a FREE Air Masters dual tire inflation kit with purchase. Offers the only unconditional 5 year guarantee in the industry. Most installations require no jacks or tampering with the lug nuts. Pack of 4 (2 front and 2 rear).

**34567** 16"/16.5" Ford & Dodge (all years), GM to '2000; 8-Lug, 4-Hand Hole #160U0 1

**30071** <sup>LS</sup> 16" Ford E-350/450, 8-Lug, 8-Hand Hole, (all years) #168EOJC 1

**WHEEL MASTERS UNIVERSAL LUG NUT COVER PLIERS**

Removes and installs your lug nut covers quickly. Rubber-coated handles provide a non-slip grip; their 9" length makes it easy to reach down into deep-dish wheels. Heavy gauge steel.

**33585** Lug Nut Cover Pliers #8211 12

**CUSTOM LUG NUT COVERS**

Dress up your plain wheels or replace lost lug nut covers with stainless steel lug nut covers. Rust and corrosion free. Fits snugly over your existing lug nuts and stays in place even in the toughest conditions.

**33188** GM/Chevy & Other 1" Lugs, 8/Card #8010 12

**33189** Ford 1-1/16" Lugs w/Swivel Washer 8/Card #8011 12

**39969** Replacement Simulated Lug Nuts for Wheel Covers, 4/Pk #9003-4 12

**33718** Valve Caps, Pk/6 #8030 12

**STAINLESS STEEL WHEEL COVERS**

Great looks, durability and warranty make these wheel covers the smart choice for your RV! Features a low-profile, aerodynamic design. Covers are the cost effective way to dress up your wheels and look great for years to come. Stainless steel and easy to install. The 16" and 16-1/2" models have a snap-in retention system that firmly holds the covers centered on your wheel, preventing wobble. Each set of wheel covers come with a FREE set of Dual Tire Inflators, giving you access to your dual tires without having to remove your wheel covers. Pack of 4.

**33364** 16", all, Ford/GM/Dodge 8 HH, (Except Budd Wheels) 8-Lug #3160B0 1

**SINGLE WHEEL COVER & ACCESSORIES**

**34602** 16" Cover for Ford, GM & Dodge (all years), 8-Lug (except Budd Wheels) #7160B1 1

**33435** Replacement Plastic Center Cap for 19.5" #9130 12

**DUAL TIRE INFLATORS**

Safe travel begins with safe tires, which means regularly checking tire pressure. Properly inflated tires improve gas mileage, increase safety, increase tire life and improve vehicle handling. Easy to install, no special tools required, the hoses attach to your existing valve stem (no need to remove valve core) allowing proper inflation and pressure checks in seconds.

**WHEEL MASTERS NICKEL-PLATED BRASS VALVE EXTENDERS**

Enjoy easy access to your hard-to-reach front and rear valve stems. 45° and 90° valve extenders are angled to lengthen your front wheel valves. They extend your standard valves almost 2 inches. 135° and 180° valve extenders are angled to reverse your outer dual tire valves through the opening in the wheel for easy access. These extenders make checking and inflating your dual tires easy. Includes 2 extenders and 2 caps per package.

*Valve Extenders for Front Wheels (for Aluminum and Steel Wheels), Pair:*

**34497** 45° for Wheel & Wheel Covers #8029 12

**39205** 90° Extenders #802990 12

*Valve Extenders for Outer Dual Wheels, Pair:*

**37007** 135° for Steel Wheels #8029135 12

**37008** 180° for Aluminum Wheels #8029180 12

*Valve Extenders, Straight, Pk/2:*

**30129** 2" #80292 1

**30130** 3" #80293 1

**30131** 4" #80294 1

## STAINLESS WHEEL SIMULATORS

With over 1 million sets in service the Versa-Liner® from Dicor is the choice of more motorhome manufacturers than all other brands combined. No need to remove lug nuts or use jacks - a complete set can be installed in about five minutes. The Versa-Liner is made of tough 304L stainless steel with permanently attached simulated lug nuts, this liner is designed for years of durable service. Highly polished, and maintenance free Versa-Liners will not rust, corrode, flake or peel. Rolled edges for tire and handling safety. The Versa-Liner attaches securely with a road proven design that stays on even in the roughest conditions. Limited 5-year warranty.

## VERSA-LOK ABS HUB COVERS

Provides great appearance coupled with the best retention system on the market today. Made of temperature-stable ABS plastic in sizes to fit most trailer wheels. Rather than depend on friction-fit covers, Versa-Lok® covers actually lock onto the wheel with a simple twist. No tools required for installation or removal. The patent pending attachment system allows easy access to the wheel hubs for checking or lubricating purposes without the potential damage caused by prying them off. Tested at a leading automotive testing laboratory, this dependable retention system surpasses stringent automotive standards.

*Versa-Lok ABS Hub Cover, Each:*

**39922** Chrome 5-Lug on 4-1/2" Bolt Circle #TAC545-CC **12**

**39923** Chrome 6-Lug on 5-1/2" Bolt Circle #TAC655-CC **12**

### INFLATION SYSTEMS

The only 4-hose air system designed exclusively for Dicor's Versa-Liner Wheel Simulators. Versa-liner hose system allows easy access to both inner and outer dual wheels for inflating tires or checking pressure. Flexible braided stainless steel protects a hydraulic hose that won't kink and form weak spots like rubber will. Hose sets mount easily to valve stems using stainless steel mounting brackets included. There is no drilling, pop-rivets or special tools required. Fits everytime, with no adjustment necessary.

*Air-Gard Inflation System, VHS Series:*  
S/O 16" & 16.5" GM, Universal & 8-Lug 19.5" Chevrolet. Fits Versa-Liner sets: V160GM, V165GM, V160G4 & V195P8  
#VHS-GC

**39625** Most 16", 19.5" & 22.5" Jam Nut Wheel Simulator Systems except Dicor Versa-Liner Sets: V160GM, V165GM, V160G4 & V195P8  
#VHS-N3C 12

### SOLID VALVE EXTENDERS

Solid nickel-plated brass valve extenders are angled to allow easier access to front tire valve stems on most vehicles. Can be used on plain wheels or with most stainless wheel simulators. 2 per pack.

*Solid Valve Extenders, AG Series, Pair:*

**34780** 45° Front Tire Valve Extender  
#AG45-C 6

**30464** 125° Outer Dual Valve Extender  
#AG125C 24

### UNIVERSAL INFLATION SYSTEMS

Designed to fit most wheel simulators and wheel covers, Dicor's Air Inflation Systems allow access to both inner and outer dual wheels for inflating tires or checking pressure.

Universal systems include both UHS and RHS series.

The UHS series combines the strength and flexibility of hydraulic hose with the extra protection of heat-treated stainless steel braid. Fits most wheel simulators and comes complete with stabilizer brackets to keep hoses centered in hand holes for easy access.

*UHS Series Inflation System:*

S/O Universal Dual Wheel Inflation Set for Inner & Outer Duals #UHS-4C

The RHS series utilizes reinforced nylon hose that is durable, long-lasting, non-kinking and chemical-resistant. Fits most wheel simulators and comes complete with stabilizer brackets to keep hoses centered in hand holes for easy access.

*RHS Series Inflation System:*

**38875** Universal Dual Wheel Inflation Set for Inner & Outer Duals  
#RHS-4C 1

**38877** Universal Dual Wheel Inflation Set for Inner Duals Only #RHS-2C 1

**38879** Four Rear Wheel Hoses & Two 45° Extenders; Fits Most 16", 16.5" & 19.5" Wheel Covers #RHS-WCC 1

### VALVE EXTENDERS

Makes hard-to-reach inner dual valve stems easily accessible for proper tire inflation. A stabilizer bracket snaps into a hand-hole to keep the extender centered for easy access. Sold in pair.

### LS SERIES VALVE EXTENDERS

The LS Series combines the strength and flexibility of long-lasting hydraulic hose with the extra protection of heat-treated stainless steel braid. The exclusive live stem inner core technology utilizes a floating valve stem that is activated only when air is added or removed from the tire. The hose fits every time. Installation requires no special adjustments and provides increased protection against tire deflation should the valve extender be damaged. For inner duals only.

**38645** '92 to Current Ford E-350 & E-450 16", 8-Hand Hole #LS-534N-1FC 12

**38646** 5.75" Extenders for all 16", 16.5" & 19.5" & Most 22.5" Applications Except '92 to Current Ford E-350 & E-450 and Accuride 22.5" Wheel No. 29028

# Control Freak

#### MODEL #31-140 (Silver) 34833

Designed for P-30, P-32, P37, and P cut-away Chevrolet Chassis and most other smaller vehicles.

#### MODEL #41-140 (Red) 38448

Fits Class A Motor Coaches with Ford F-53 Chassis and Dodge M Chassis as well as trucks with minimal or light power steering.

#### MODEL #41-230 (Blue) 38447

For Class A Motor Coaches with solid I-Beam style axle (Freightliner, John Deere, Oshkosh, Gillig, Spartan, Magnum, Roadmaster, Workhorse, Blue Bird, etc.) as well as over-the-road trucks with power steering.

#### MODEL #41-180 (Beige) 31288

For Ford Class A Motorhome chassis with V-10 engines and trucks with power steering.

"Outa my way, road hazards. Don't mess with me! I'm Safe-T-Plus and I'm not a happy camper unless I'm always in control, automatically stabilizing a vehicle so drivers can safely maneuver through the unexpected.

Even before they're aware of it. I even control how I'm installed. Simply, quickly, with no welding or drilling. I'm also heavy duty, factory sealed and maintenance free. No wonder service and parts people alike can't keep their hands off me.

So to any front tire blowouts, gusty winds, passing trucks and potholes who still wanna take me on, all I can say is: Go ahead, make my day."

**RIDE-RITE**  
**SPORT-RITE COIL-RITE™**  
AIR HELPER SPRINGS

### FIRESTONE RIDE-RITE & SPORT-RITE AIR HELPER SPRINGS

Ride-Rite and Sport-Rite Air Helper Springs utilize a pair of convoluted or tapered-style air springs. These air springs are capable of 3000 – 5000 lbs. of load carrying. Under no circumstances do we recommend exceeding the manufacturer's Gross Vehicle Weight Rating (GVWR). Ride-Rite & Sport-Rite Air Helper Springs can be installed on most light trucks, RVs and vans. Ride-Rite and Sport-Rite Air Helper Springs are installed between the frame of the suspension providing load support through the use of air pressure.

NOTES: \* Requires 7.5" of clearance between frame & tire (both single & dual rear wheels). \*\* Requires 3" of clearance between frame & tire. \*\*\* Requires 9.5" of clearance between frame & tire. + Requires 8" of clearance between frame & tire. ++ If vehicle has less than 7.5" of clearance between frame & tire, see kit #2099. +++ Requires 6.5" of clearance between the frame and tire. ++++ Requires 9.00" of clearance between the frame and tire. # Use spacer kit 2366 when heavy duty package. • 34972 (2085) Use for traditional frame to axle application (two air helper springs in the kit). • 30778 (2032) May require tailpipe modification. Will not fit tandem or tag axles. • Some vehicle manufacturers use mechanical brake proportioning valves to adjust braking force as a function of frame to axle distance. • We suggest you check with your dealer on proper treatment of this device prior to installation of the Ride-Rite™ kit. • Every attempt has been made to assure the Ride-Rite™ kits listed will properly fit. However, chassis modifications made by others that affect suspension dimensions may not provide conditions for proper fit. • = Sport-Rite™ kit.

**RIDE-RITE™**  
Everything is included for a quick, easy installation. Brackets, air springs, hardware, air line, and separate valves for manual inflation. Average installation time is approximately 1-2 hours.

**SPORT-RITE™**  
Everything is included for a quick, easy installation. Brackets, air springs, hardware, air line, and separate valves for manual inflation. Average installation time is approximately 1-2 hours.

**NEW & IMPROVED!**

Coil-Rite™ air helper springs are designed to fit existing suspensions. These air helper springs are made of durable, elastic polyurethane that provides years of comfort and stability to your vehicle. They enable adjustment for varying loads and road conditions by inflating. Spring performance can be altered as easily as inflating a tire.

**30754** Air Line Service Kit (Universal)

## Accessory Systems

### FIRESTONE AIR ACCESSORY SYSTEMS

An instant air source for all Firestone suspension products. Simply flip a switch and adjust the ride for various load and road conditions.

#### S = Standard Duty

Ideal for occasional usage.

#### H = Heavy Duty

For frequent usage requiring rapid response.

#### Firestone Control Panel

#### DUAL PNEUMATIC GAUGE

This kit gives a side-to-side and front-to-rear leveling control while traveling. (Adapter fittings may be required - sold separately).

**33628** <sup>LS</sup> Dual Cab Control Kit  
#WR1-760-2145 <sub>1</sub>

On-board air source for Firestone air helper springs, tires and other pneumatic components.

**39771** Remote Fill Station  
#WR1-760-2239 <sub>1</sub>

Utilizes a standard duty compressor and gauge for moderate usage of air helper springs. This unit provides equal inflation of both air springs.

**38682** Level Command II Kit  
#WR1-760-2158 <sub>1</sub>

Provides fingertip control of your air helper springs using a heavy-duty air compressor, providing equal inflation of both air springs. Ideal for vehicles that are pulling a trailer or tow trucks.

**37017** Level Command Kit  
#WR1-760-2097 <sub>1</sub>

Utilizes a standard duty compressor and features a digital gauge to allow equal inflation of both springs.

**30722** Digital Air Command System  
#WR1-760-2415 <sub>1</sub>

Provides front-to-rear or side-to-side leveling through the use of a dual gauge, super heavy duty compressor and one gallon air tank. This unit inflates two bags individually.

**30714** Dual Air Command III  
#WR1-760-2198 <sub>1</sub>

Provides front-to-rear or side-to-side leveling through the use of an electro-pneumatic dual gauge and a standard-duty compressor. This unit inflates each air spring independently (two air springs).

**38748** Dual Electric Air Command  
#WR1-760-2178 <sub>1</sub>

Provides fingertip control of your air helper springs using a heavy-duty air compressor. This unit inflates each air spring independently (two air springs).

**30757** Dual Electric Air Command II  
#WR1-760-2219 <sub>1</sub>

Provides front-to-rear or side-to-side leveling through the use of a dual gauge, heavy duty compressor and 1/2 gallon air tank. This unit inflates each air spring independently (two air springs).

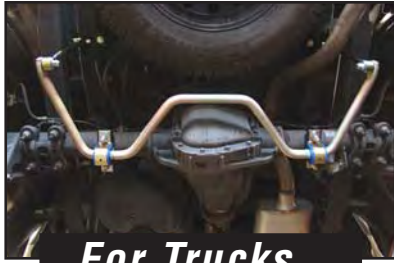

**38683** Dual Air Command II  
#WR1-760-2168 <sub>1</sub>

RSS Anti-Sway Bars

Suspensions Solutions

Why Fight It?

For Trucks

For RVs

Does your suspension have the best of you?...beat you down?...control you?

Driving your truck or RV should be an enjoyable experience. And it can be. Adding a set of RSS anti-sway bars to your suspension has an immediate effect on stability and cornering control (especially with towing combinations) — the vehicle stays level, even through the turns.

What was beyond their control, just yesterday, is suddenly within it — cornering with confidence, quicker maneuvering, and a remarkably level ride over uneven terrain — all without launching the dishes out of the cupboard. And even after eight or 10 hours at the wheel, they arrive fresh, instead of fatigued, which means they can start enjoying the Grand Canyon, the Grand Tetons, or the grandkids right away.

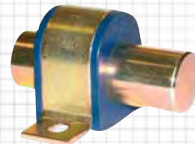

RSS sway bar benefits

- Improved handling
- Corner with confidence
- Increased stability
- Less driver fatigue
- A safer and smoother ride
- Reduced body roll
- Improvement over factory standard equipment
- Combat crosswinds

Designed to fit specific

- Class A Motorhomes
- Class C Motorhomes
- Sport Utility Vehicles
- Trucks and Vans

The proof is in the bar. The RSS anti-sway bar (to the left) has a larger diameter, a better grade of steel (4140 chromoly) and polyurethane bushings, making it much more resistant to sway.

RSS bar and bushing

Stock bar and bushing

What do our customers say?

"I had the (anti-sway) bars installed and the results were dramatic. The notorious Texas high plain winds could not unhook us from the highway and hard curves at 60 mph became routine. I seemed to have glass walls between myself and passing trucks. I was nothing less than thrilled with the sway bars at road speeds."

—S. Thornton, Bellevue, WA

### STA-LUBE BOAT TRAILER WHEEL BEARING GREASE

A distinctive blue, tacky grease with natural water resistance. Extra rust inhibitors. Resists washout under most severe water conditions.

*Bearing Grease:*

**49863** 14-oz. Cartridge #SL3120 10

**49864** 14-oz. Can #SL3121 12

**49866** 3-oz. Cartridge, Pk/3 #SL3184 6

### STA-LUBE MOLY-GRAPH® EXTREME PRESSURE MULTI-PURPOSE GREASE

An outstanding grease with 12 hydroxy lithium base plus moly disulfide, graphite and extreme pressure additives.

The best general purpose grease to use for automotive and industrial applications.

*Moly-Graph Grease:*

**49868** 14-oz. Cartridge #SL3330 10

**49865** 14-oz. Can #SL3141 12

### LUBRIMATIC MULTI-PURPOSE GREASE

For marine corrosion-control and trailer wheel bearings. An outstanding grease for use in severe conditions.

Resists salt water, salt air and atmospheric corrosive conditions, and is mechanically stable and water-resistant. Recommended for boat trailer wheel bearings and disc brake wheel bearings. 3-oz. cartridges.

**761139** Grease Cartridges #11400 12

### LUBRIMATIC LUBE KIT

The marine Lube Kit contains cartridge gun and 3-oz. marine grease cartridge.

**751435** Lube Kit #30190 10

### LUBRIMATIC MULTI-PURPOSE GREASE

Lithium-based, multi-purpose grease fits cartridge gun. Convenient, economical. 14-oz.

**43552** 14-oz. Grease #11315 10

### LUBRIMATIC FLEXIBLE FUNNEL

Orange funnel with handle and flexible fill hose for pouring around corners or into hard-to-reach fill tubes.

**42829** Flexible Funnel #75074 12

### LUBRIMATIC 3-PC FUNNEL SET

3 sizes of color-coded, plastic funnels for any size filling job.

**42830** Funnel Set #75075 1

### FUNNEL KING™ PATENTED GUZZLER SWIVEL FUNNEL

Fits anywhere to get the job done fast. Unique "lock-tight" ball and socket swivels for hard-to-reach places while keeping the 3-quart reservoir upright.

**48663** The Guzzler Funnel #32300 1

### TRANS FLUID / GEAR OIL ON / OFF FILLER SPOUT

Patented On / Off spout. • Reduced tip for trans filler tubes. • Fits quart or gallon containers. • Adjustable flow. • Flexible clear tube.

**47350** Fluid/Gear Oil Spout, Carded #10106B/6 6

### MULTI-TASK 5 IN 1 FUNNEL

- 1-quart capacity.
- Funnel has 3 spout options.

**47353** 5 in 1 Funnel #10710 6

### MULTI-PURPOSE FUNNEL

- Exclusive no-mess splash guard.
- Extended filler neck opens gas tank trap door.
- Fits all sizes of filler tubes.

**47351** Long Neck Funnel #10701 12

### GIANT FUNNEL

Splash guard protects against fuel spills. Easy grip guard makes pouring safe & easy. Ideal for large jobs. Snap-in screen.

**47352** Giant Funnel #10705 6

### MOELLER JERRY CANS W/CRC

Ecologically friendly, the Scepter line of "ECO" spill proof Jerry Cans are the safest products available and provide 100% compliance with California's Air Resource Board (CARB) emission and spill control regulations. • All ECO Jerry Cans are manufactured using patented technology that provides permeation levels well below the CARB .40 gram/gal/day threshold. • Feature Child Resistant Closures (CRCs) and a patented automatic shut-off spout that stops overflows, closes automatically and self-seals to guard against unwanted vapor emission when not in use. UL & CSA approved.

*Spill Proof Carb Fueling Systems:*  
**86255** 2.5 Gallon (10L) #007378 1  
**86256** 5 Gallon (18.8L) #005096 4

**JR PRODUCTS LOCKING HATCH  
FOR MOTOR FUEL FILLER**

**OVAL VERSION**

Protects fuel supply from theft and tampering. For use with oval metal GM fuel bezel. Overall size is 8"W x 8-1/2"H outside diameter, Cut-out (6-3/8"W x 6-7/8" H). The oval has a 5" diameter, stretched to 6".

**25418** Filler with Flat Back, Polar White #71122-OVAL-A 1

**SQUARE VERSION**

Gas hatch with frame and door only. Impact and fade-resistant Rovel. Locking door prevents fuel theft and contamination. Door has RVIA-approved red warning tag. Easy installation. Overall size is 8"W x 8-1/2"H, Cut-out size is 6-3/8"W x 6-7/8" H. Polar White.

**25419** Square Fuel Hatch #91122-A 12

**KEYS FOR LOCKING FUEL HATCHES**

Replacement keys for JR Products Motor Fuel Hatch. The **49399** (Round Head) key will fit hatches shown above. The **44846** (Square Head) will fit older model JR Products Hatches.

Package of 2 Replacement Keys:

**44846** Square Head #DECO-A 12

**49399** Round Head #751-A 12

**JR PRODUCTS  
KEY LOCKS**

Cam lock for replacement in B&B Molder hatches as well as any other place a barrel lock is needed. Comes keyed for a 751 style key to match other compartments and hatches..

751 Key Code Lock Cam w/Key:

**43018** Long, 1-1/8" Blade #00100 1

**43026** Short, 5/8" Blade #00E00 1
